## September activities create spirited school

Freshmen initiation, Insiders' Retreat, bus drills, nutritional lessons and visits to senior citizens were all parts of the busy month of September.

"I think the student council is off to a great start," said Mrs. Sarah Smithson, new librarian and council sponsor. "It's wonderful working with a group of dedicated, intelligent, and responsible kids."

Student council's first September activity was freshmen initiation, the first organized initiation since the traditional slave auction was abandoned.

The council also visited the Wise Owl Center and Wickenburg Nursing Home to get some prospective athletic event spectators. The senior citizens had their pictures taken and put on athletic passes made just for them.

Emergency bus evacuation drills were held on the football field for students and teachers.

Another major event was the third Insider's Retreat.

"The Insiders' Retreat," said Mr. Alford, principal, "is an effort to bring diverse factions of student groups together with a goal of acceptance towards one another, to articulate ideas for school improvement and to enhance a more positive self-image and to increase positive individual self-esteem."

Advanced Foods students taught nutrition to 14 MacLennan classes with 30 minutes of puppets, skits and posters.

## Homecoming is time for fun

Homecoming week was kicked off by Tourist Day complete with cameras and binoculars, but the powder puff football game is what really got the old spirit ball rolling.

The senior-freshmen team won the girls' football game over the sophomore-junior team on Monday night. Tuesday was Hippie Day followed by Nerd Day on Wednesday.

Thursday was a special day; each class dressed up differently. Freshmen dressed in their pajamas, sophomores in their favorite 50's day costumes, juniors in surfer outfits and the seniors were in togas.

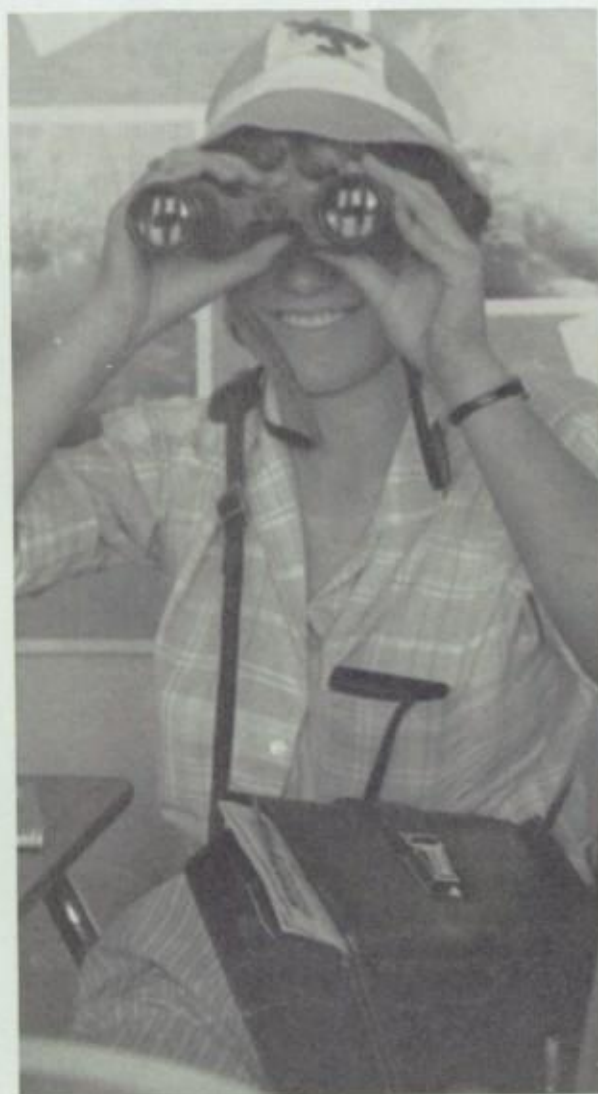

Not only was Friday Purple and Gold day, but it was the longest day of the entire week. No one could wait until school was out.

When the last bell finally rang, the seniors had won the spirit stick by earning the most points throughout the week. The sophomores were a close second with the juniors just edging out the freshmen for third.

Even though this was the first homecoming football game loss in three years, it was a successful night and fun-filled week.

## Students make October the best it can be

\$1061.06 was raised by students, faculty and local businesses during a fund raising project sponsored by the student council.

The money that was collected was donated to the children's ward at Wickenburg Community Hospital. The project, known as "Mile of Pennies," had a goal to collect 84,880 pennies, but with great response, the council collected 106,106 pennies.

The arrival of the new Wrangler activity bus was perhaps one of the biggest events in the month. The 43-passenger bus was paid for by the Wickenburg School Board and the Athletic Supporters.

ACT tests brought seniors to GCC on the 25th. The tests are given a couple of times a year and are used as entrance exams to colleges.

Parents' Night, the annual get-together of parents and players for volleyball, was on the 21st and for football on the 31st. Parents' Night tries to involve parents with their student's activities.

A Halloween dress-up day to follow up Spirit Week was provided by the student council on the 31st. Kelly Jones, junior class secretary, said, "The costumes were creative, but we're hoping next year there will be more participation."

## The good times keep rolling in November

With the cooler November weather came many indoor activities. The student body attended a farewell assembly for foreign exchange student Carina Querido. Good-bye speeches were given by David Bromm, Bobby Andersen, Mr. Alford and Brian DeShazo. Carina said, "I'm looking forward to going home, but I'm also going to miss it here."

During the ceremony there was an exchange of flags, and the US anthem was played by the band. For a special treat, Mr. Clawson and Mr. Nuss joined on the trumpet and piano to perform Brazil's national anthem. Carina went back to her home in Sao Paulo, Brazil, to attend the University of Sao Paulo.

The chorus performed a concert Nov. 6 at the community center and PE class members were put to physical fitness tests.

The student council put the student body to work collecting non-food items for the food bank.

## Banquets and mugs fill November

Other major November activities included the fall sports banquet, Wrangler spirit mug sale, and the senior graduation trip meeting.

The purpose of the sports banquet was to give special recognition to the students and their parents who participated in football, volleyball or cross country.

"The banquet was pretty good except it was too long," said Coach Bennett. "Coach Clementz talked about so many hills that it gave me motion sickness."

Selling Wrangler spirit mugs kept the cross country team busy for a few weeks. They sold the mugs to raise money either to go to camp or to purchase new uniforms.

"We raised about \$1,000," said Coach Clementz. "The sale was a success due to the size of the team."

The seniors began arrangements for graduation. They considered a three-day trip to California for their senior fling. Seniors also prepared for commencement ceremonies by ordering caps, tassels, gowns and class rings.

## Festivities put students in holiday spirit

December was full of the holiday spirit with assemblies, parties and fund raisers.

"Christmas assemblies," said Mrs. Smithson, student council sponsor, "are a great way to start the holidays by having fun with principals, faculty and students."

At this Christmas assembly, the band performed, followed by the chorus and student council's skit entitled "The Fiendish Plot of Gilligan." Afterwards Santa gave presents to a select group of lucky students and faculty.

Many classes celebrated Christmas with parties and gift exchanges. Despite shortened periods, the yearbook class managed to squeeze in a pizza party and their traditional gift exchange.

Party preparations weren't the only things keeping students busy. The sophomore class sold Christmas carnations for \$1.50 a piece, making a profit of \$212. Student Council also had a holiday fund raiser. They sold miscellaneous items ranging from wall calendars to ceramic bells.

## December's food drive proves successful

THREE

FOUR

In the month of December students were involved in a canned food drive sponsored by KZZP radio station. By bringing in cans or money, the student body was able to take in over 11,000 canned food items. WHS placed third in the drive and earned a dance with a DJ provided by KZZP.

Classes finished up the month in different ways. Beginning and advanced typing students finished an instructional series. Students who typed papers with 0 or 1 error in five minutes were awarded certificates. Advanced foods was busy making gingerbread houses and Foods students made Christmas cookies.

In U.S. History there was a simulation activity on the sectional rivalries leading to the Civil War. Junior English students did an analysis of poetry in popular music.

"It was fun to see that poetry is not dead and it still exists in modern music," said Mr. Smith.

"The class was interesting," said Mat Loutzenheiser. "We learned what else music had to say."

## Champions spotlighted in February

Many champions and a very talented artist are what made February such an interesting month.

Mrs. Merrick and Mrs. Dolven, after attending a seminar over the summer, introduced the Cortez Peters unit, a diagnostic method of improving speed and accuracy in typing. Each student takes a five minute timing and with the results they type specific drills for their individual problems.

The beginning typing students did better than the advanced because they learned to type letter by letter while the advanced students were already set in their ways.

"The accuracy level of all students was outstanding," said Mrs. Merrick.

Also in February the student council held a design contest to improve the cafeteria. Tony Nasser, an Art II student, won the competition. He also helped draw out his large graphic design onto the walls of the cafeteria.

"Tony also received \$25 from the student council for the contest," said Mrs. Luther, art teacher.

## New teacher replaces Mrs. Rhoda

In January a new teacher, Mr. Eric Anderson, arrived. He took the place of Mrs. Pam Rhoda, the physical science and chemistry teacher.

Mr. Anderson was a teacher at Flagstaff Junior High School where he taught for one year.

His outside interests are photography, volleyball and geology. He said, "I like Wickenburg," and he thinks "It's a great school."

Lene Rassamusen from Denmark visited Ann Trent and attended school here. A 17-year-old senior, she said, "It's a friendly school," but she hadn't lost her love for Denmark.

On Jan. 29 the Chemical People, an organization working against chemical abuse, sponsored an assembly at the community center to help rid Wickenburg of the drug and alcohol problems. Students Heather Hamm, David Bromm and Bobby Andersen all gave speeches. The Channel 8 program "A Generation at Risk" was also viewed.

THREE

After 30 long years of teaching woodwork and drafting, Mr. Gladden decided to trade in his tools for a pension plan.

Along with sponsoring student council, all classes, and the concession stand, he has also been a football, basketball and assistant baseball coach.

Before Mr. Gladden moved 30 years ago from Oklahoma, he attended Northeastern State University. He came from a family of 12 children, and now has three grown children of his own. Mr. Gladden's plan for retirement is to golf and relax.

## Weary students begin a new semester

THREE

FOUR

FIVE

Donkey basketball, Valentines Day, a drug assembly, cafeteria dedication and the KZZP dance contributed to the many events that occurred in February.

The Wrangler Athletic Supporters put on a donkey basketball game to help the sports program fund meals for students on away games. The four teams were made up of the different school faculties and people of the community that wanted to participate. Mr. Nestor felt there was good crowd reaction and a project worth repeating in a couple of years.

Prom meetings during February took up a lot of the juniors' time. Even though flower sales don't make a great deal of money, they managed to add a profit of \$150 to their treasury from a Valentines Day sale of carnations.

Several teachers and administrators participated in a drug counseling program that helped prepare them to lead group counseling sessions at WHS. Guest speakers from Phoenix presented their stories about personal experiences with drugs and alcohol at a special assembly.

Student council held a ribbon-cutting ceremony to dedicate the cafeteria to the student body. Tony Nasser was given a plaque for designing the inside.

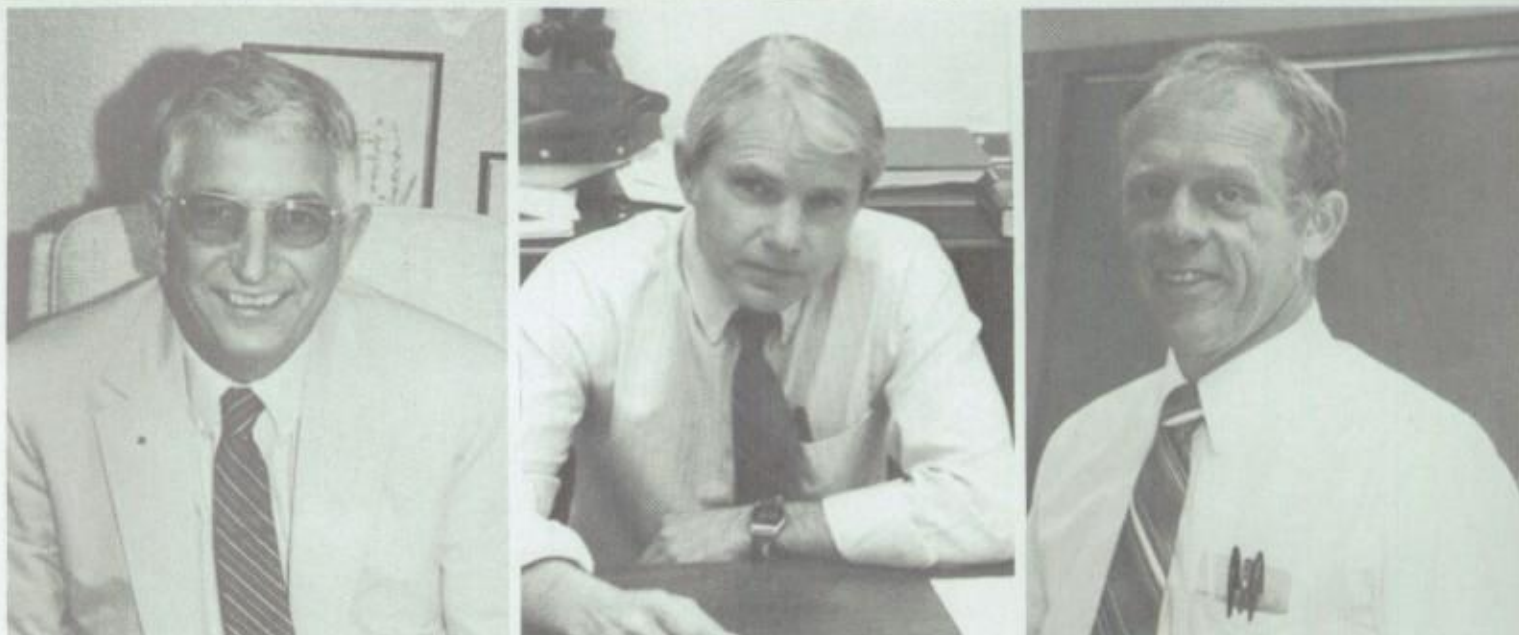

February ended with a dance sponsored by KZZP, WHS's prize for winning third place in the canned food drive.

## New principal works to encourage pride

WHS's new principal, Mr. Hal Alford, moved to Wickenburg from Holbrook because of the friendliness of the people, the beautiful scenery, and the short drive to neighboring cities.

To him the biggest asset at WHS is the outstanding teachers and the quality of people at all levels. He has many new ideas for the school, including updating curriculum offerings, adding more advanced classes, a future teachers association program, and an independent honors program to meet each student's individual needs.

The purpose of the high school, he said, is "to provide comprehensive success-oriented learning activities for young people in our school.

"The atmosphere at WHS is very healthy," said Alford, who focuses a lot on pride. "I would like the kids to have pride in the school and in themselves. We have an excellent student council."

"The kids make the difference," said Mr. Alford, who has four kids of his own. Jeff is 20, Scott is 17, Tammy is 13 and Bobbie 12.

## Classmates remember Gary Wheeler

To a special someone not known to me for years but for 14 memorable months: In those months so many memories were created and a friendship I think I will never have again. This friend had a way to make me laugh at any time of the day, no matter how depressed or angry, sometimes even when the anger was meant for him. Most people knew him for the characteristic of being witty with words and actions, but I remember the other side also. This was the quality of a friend that would do anything for you and when you talked about your problems to him he sincerely would care and give advice, and throw in a joke, too. The person I am describing is "the cowboy," Mr. Gary Wheeler, whose memory will be in my mind forever. Take care, cowboy.

—Mike Barile

He was more than just a good friend to me; he was more like a brother. He was always there when I needed him. He was always cheerful, making me laugh when I felt like crying. He enjoyed every minute of his life and made everyone else around him enjoy life as well. I'm glad I knew Gary; he touched my life in a way that no one else could. No

matter where I go or what I do there will always be that space in my life filled with the memories of Gary. Thank you, Gary, for sharing a part of your life with me and everyone else you touched. I long for the day when I can think of Gary and the pain of losing him will be overshadowed by the joy of having known him. We miss you, little buddy!

—Mike Smith

Gary was about the best friend anyone could have. You could talk to him about your problems and you could laugh and joke with him. He had to have been one of the funniest people I knew. He was very honest and said what he felt. Many people resented that and disliked him for it. Gary and I had some great times together that cannot be duplicated. I don't think I have ever gotten in so much trouble as when I was with Gary. I only wish I would have told him how much I appreciated him, but I'm sure he knows now. I don't know why you had to die; all I can say is I miss you, Gary.

—David Bromm

Gary, we all miss and love you very much!

## Young team struggles in rough A-West Conference

A young varsity team came to play in the fall, but tough foes dampened the season.

"Our conference was very strong," said Coach Paul Nestor. "Payson was State Runner-up and Buckeye was a state quarter-finalist and the only game they lost was to State Champion Snowflake.

The team pulled out three wins. They defeated the Orme Warriors 14-10, the Dysart Demons 27-0 and the Phoenix Indian Braves 35-14.

The varsity suffered a tough 0-2 loss to the Bourgade Eagles in front of a homecoming crowd. The safety came late in the second quarter and despite outgaining

Bourgade, the team just couldn't put the ball in the end zone.

"Our team's defense was our strong point," said Nestor. The team was led by all-state defensive end Scott Knight, all-conference linebacker, David Orona. The offense struggled through three quarterback changes, which finally left Troy Thayer in control of the offense.

Coach Nestor concluded by saying, "We ended up with only four seniors and the rest of our team was juniors and sophomores. With the group of kids we have returning, we ought to fare a lot better next year."

# New freshmen team does well

The coaches of the new first year freshmen team said that the team proved its worth as the season progressed.

Coach Douthat said that the freshmen had a pretty successful season and he thought everyone learned a lot and had fun. The freshmen struggled throughout the season and learned much from their mistakes to end with a record of three wins and four losses.

"I think that this group of young men holds a lot of promise for the future and I'm looking for a lot of good things from them," said Douthat.

For the JV things looked better, with their ending the season with five wins and one loss. Coach Joe Bennett said, "This was the most fun team I've ever coached for several reasons: First, we beat Buckeye; second, because of all the crazy characters on the team; third, because of all the problems we overcame; and fourth, because of all the different excuses Larry Hershkowitz used to try to get out of practice."

# TEAM has new meaning

TEAM (Together Everyone Accomplishes More) was the varsity volleyball team's motto for 1986-87 and they did an excellent job of "accomplishing more."

The team won 12 and lost 9 games while maintaining a positive attitude throughout the season.

"The team worked hard to be close," said Coach Unger,

"and have a great time together."

They tried to do extra activities such as a serve-a-thon to improve team skills and raise money for new uniforms.

Coach Unger also added, "Above all, we really appreciated the student and community support."

# Season leaves frosh, JV proud

Both the JV and freshmen volleyball teams had winning seasons. The JV ended with 15 wins, 2 losses, and the freshmen ended with 8 wins, 5 losses.

About the freshmen, Coach Webb said, "I thought they had a pretty good season. They were a little weak at basic skills such as passes and serves, but strong at hitting." She thought everyone improved.

"The JV team was excellent," said Coach Webb. "They were great at the bump, set, spike routine and they called the balls really well."

The players seemed very proud of their season record. Freshmen, as newcomers, had a lot of fun. "The competition with other teams and the companionship between ours was my best thought," said Sharla Berger.

## Cross country teams win two first place titles at Divisionals

The cross country teams placed first at the A-West Divisionals. They competed against six teams throughout the state to win the Divisionals. Cross country also went to two other meets, the Mingus and the Dysart Invitationals. The teams placed high at both meets and earned their first trophy.

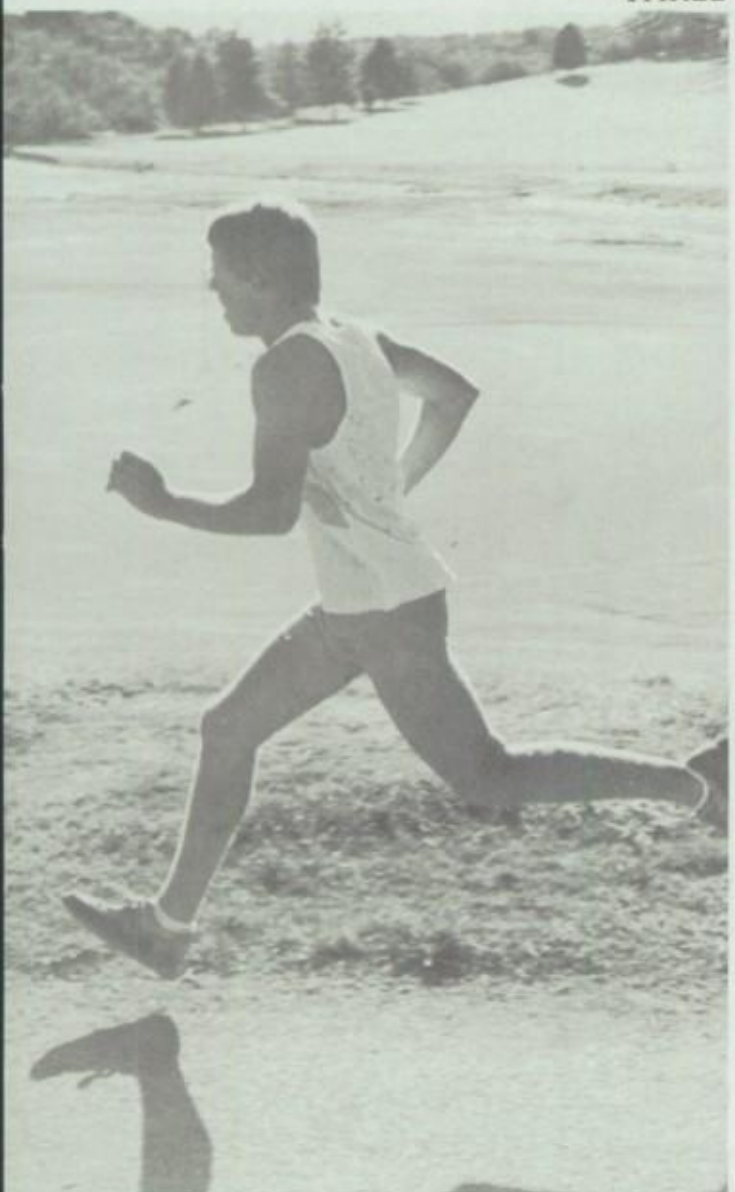

"The season was tremendously successful," said Coach Doug Clementz. "At the season's end the boys' record was 12 wins and 5 losses and the girls' record was 5 wins and 7 losses, while six of the meets were forfeits because of the lack of runners."

Preparation for running well was due to the long two to three mile practice courses that the teams ran after school. The courses took them through town and then back to WHS.

"My hopes for next year are to achieve greater recognition for the school and place higher at a state level," said Clementz.

# Veterans place in Divisionals

Thirteen veteran wrestlers, along with 20 freshmen, participated in the wrestling season. There were two sophomores, six juniors and three senior veterans. Two veterans were injured early in the season and were unable to participate in many matches.

"Most did very well," said Coach Victor Smith. "They used their skills well and improved."

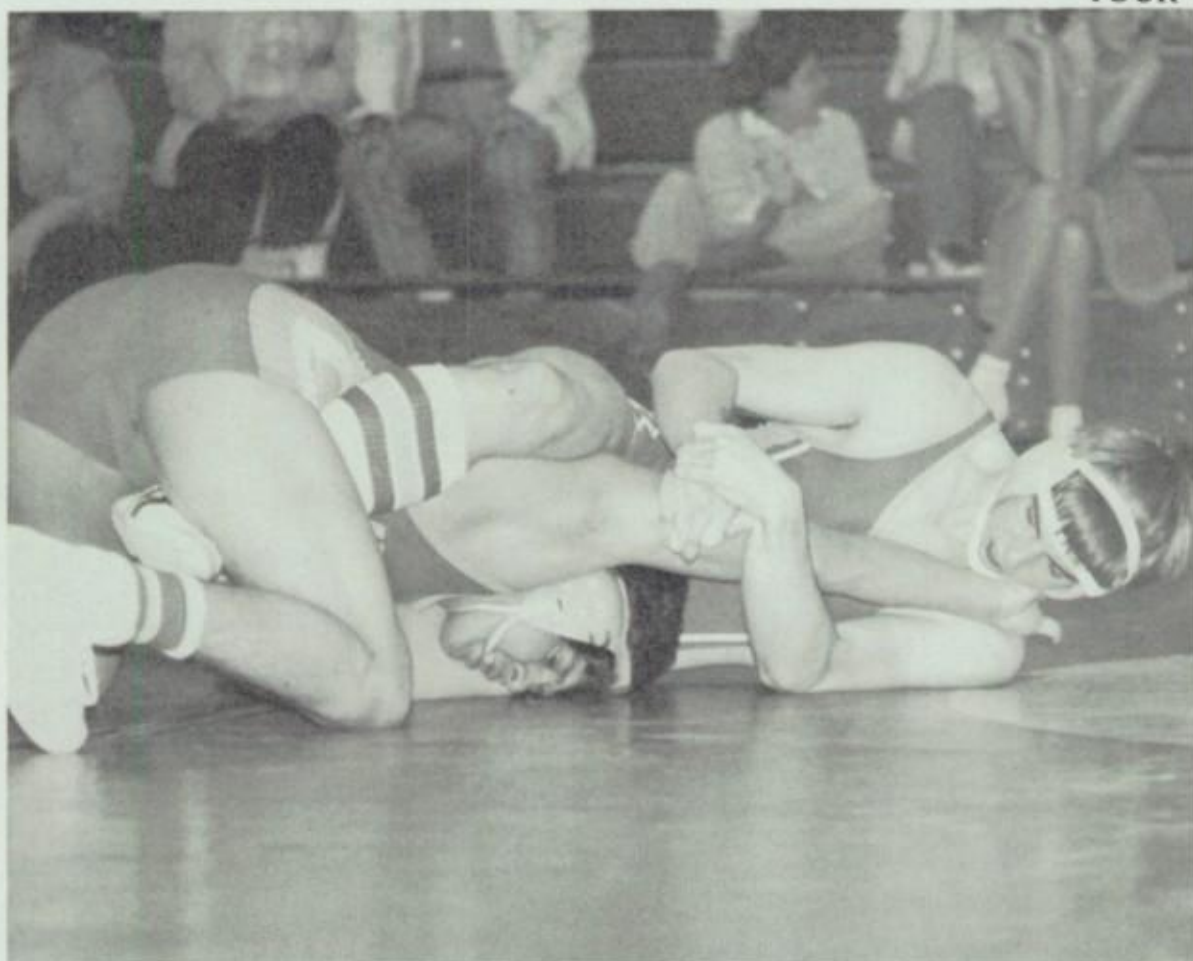

Although there were no record breakers, freshman

Dominic Carstensen came very close. He got a 14 second pin against a wrestler from Ray, nearly breaking Troy Hefner's 13 second record. Another outstanding wrestler, Scott Alford, had a win-loss record of 18 and 2 going into State.

Five wrestlers went to State. Scott Alford and Eric Ferrell placed first in divisionals, Terry Woods placed second, Dominic Carstensen and Jim Wagahoft placed third.

## Rookies dominate the wrestling team

Wrestling, a sport that started at this school in 1975, requires first smarts, endurance, speed, and then strength.

The wrestling team was taken over by freshmen and sophomores, juniors and seniors wrestling for their first year. There were 15 rookies out of 24 wrestlers this season. "If they stay with it they will be great in the future," said Coach Ybarra.

Many of the rookies found wrestling to be more challenging than

other sports.

"I like it because it is an individual sport," said Eddie Temerowski.

"It's a real good sport," said David Keller.

The JV team won about half of their meets during the season.

"They did fairly well," said Coach Ybarra, "considering all the rookies the team had."

The sport of wrestling is now coming to its peak at WHS. Jade Hancock said, "I love the glory as an individual."

## Despite hard work, injuries stall team's success

The 1986-87 boys varsity basketball team started the season in high gear with a 12 point victory over highly rated Buckeye. The team played well and worked together through the McDonalds Wrangler Classic in which they took home the runner-up trophy and Britt Stevens was named to the all-tournament team.

Said Coach Moran, "Our only bad game before Christmas was against Bagdad; we lost because we did not work hard."

After Christmas the team opened with two conference wins over Payson and Bourgade. The Buckeye Hawks then took revenge in a conference win over the varsity. The team continued to play well over the next couple of games, but when they went to Bourgade disaster struck. The varsity lost three players to injury.

Todd Nelson and Alex Macias were lost for the season, Todd with a broken finger and Alex with a broken ankle. Leading scorer Britt Stevens was lost for a couple of games because of a pulled back muscle.

"Our injuries really hurt us," said Coach Moran. "We were used to playing 11 or 12 players a game and then we could only play 8 or 9. They got tired after a couple quarters playing our running offense."

"Despite basketball powers Buckeye and Parker and a good Mingus team, we should be ready to play come divisionals," said Coach Moran toward the end of the season. "We will be at full strength with the exception of Todd and Alex. Troy Thayer is helping us out and if he and the rest of the team work hard we should be able to get through the divisional tournament."

## Potential, improvement, keys to teams' success

The Junior Varsity basketball team showed a great deal of improvement at the halfway point of the season. Under Coach Scott Moellenberndt, the JV's win-loss record improved tremendously over their win-loss record as freshmen.

As freshmen they were 1-9 at the midpoint of the season. But after hard work, a team basketball camp, and an effective run and gun offense, the JV proved six games better with a 7-3 record at midseason.

"One of the goals I set for the JV was to improve their win-loss record of last year," said

Coach Moellenberndt. "I also wanted to prepare them for playing basketball at varsity level."

The freshmen team had a bad start, losing their first two games of the season. But afterward they won four straight, and were 6-3 at midseason.

The freshmen team had goals similar to those of the JV. First year Coach Joe Bennett wanted the freshmen to improve their basic skills and fundamentals so they can play at JV level and eventually at varsity level.

# Aggressive team earns 9-6 record

"We've had the best varsity and JV record for the past three years," said Coach Bill Root. "The key to our success has been our starters playing together over the years."

With six returners, the team worked to a record of nine wins and six losses.

A skill worked on throughout the season was known as "Aggressive Confidence," being able to take the ball to the basket.

"At times we have done this well,

but it will be something we need to work on next year as well," said Coach Root.

Leading the team offensively were Silvia Rodriguez, Sheryl Carr and Cindy Wells. Defensively, the team was led by Kathy Roberts, Karie Brentlinger, Silvia Rodriguez, Sheryl Carr, and Wendy Stoft.

"Having a junior high program gives us promise for years to come," said Coach Root.

## JV shoots for good season

The JV girls basketball team consisted of seven players. Coach Doom, therefore, thought it was important for the girls to come to every practice and every game.

By mid-January the team had come out about even on its wins and losses. Coach Doom described the team as hard working, aggressive, and coachable. He also remarked that a few girls would occasionally miss practice.

"Tracy Scott is the top scorer," said Coach Doom, "with Debbie McDaniel, Nicole Gillaspie, and Sharla Berger the top rebounders."

Buckeye and Parker were mentioned as hard teams to beat.

Coach Doom thought this team was a good one and thinks they'll do really well in the future.

"I really want to see this team be successful," he said.

# Spring brings new talent to the field

The baseball and softball teams began their spring practice February 9. The teams started off with a strong emphasis on fundamentals and conditioning.

The varsity baseball planned to play tough divisional teams. Coach Joe Kenrick planned to take on each game as it came.

"We have the potential to do very well and also have fun doing it," said Coach Kendrick.

The sometimes overlooked JV baseball team had an excellent turnout this season. Many new talented freshmen came to the field. Coach Kuemerle was optimistic because he thought he had quality players.

The varsity softball team needed to rebuild the team. At the end of the '86 season they lost eight starters.

"We need to make a totally new team," said Mr. Barbato. "If a good team can be pulled together we may still have a chance for the playoffs."

The JV softball, although inexperienced because of no junior high program, looked good in the first weeks of practice with new coach John Douthat.

Warm-ups help Spencer Garden, Ramon Way, Shawn Miller, Sid Bland and Coach Kuemerle prepare for a tough practice.

# Trained teams strive for success

Hard working track and golf teams looked forward to a promising year. Hours of practice such as running to Remuda Ranch and down the river proved helpful and enjoyable.

"I like running places besides the track," said Debbie McDaniel.

"There is a lot of promise for the team," said Coach Clementz early in the season.

Devoted track athletes kept the team a step ahead of the rest. Mr. Doom said, "Even though we lost several experienced

athletes, we should do well."

Hitting the mark paid off for the golf team, which advanced them closer to the "winner's circle."

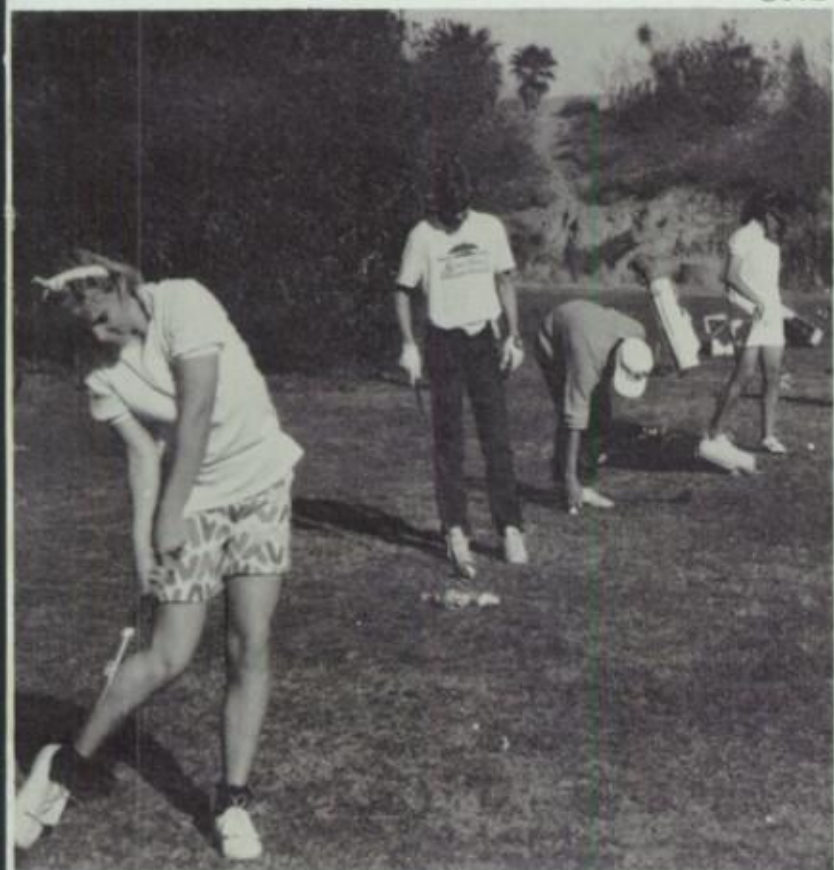

"I think we will do pretty good this year," said Coach Friece in March. He felt that the hardest team to beat would be Lake Havasu.

"I can be with my friends and I hope to meet new people," said Angela Ybarra, explaining why she likes the sport of golf.

To the 1986-87 yearbook staff,

Our 1987 Wrangler is finished.

It was more work than I thought it would be, but it was an experience I will never forget. Of course, I couldn't have done the job alone.

You all have been helpful in many ways. I would like to thank Candy Higgins, Tammy Quintana, and Hattie Douglas for an outstanding job in advertising; to Utonna Waits, Jami Smith, Brig Bennett, Chris Pollay, Tim Stansberry, Nel Cooper, and Cissy Douglas for those extra jobs that had to be done by someone and you volunteered?

In addition, my special thanks to Alisa Nasser, Wendy Stoft, and Johnny Andersen for all your time and effort in taking, developing, and printing pictures.

Thanks is in line to all the rookies, Michelle Urquides, Treva Andersen, Sharisa Thrasher, Jason Stoft, Jay Yenerich, Nathan Bennett, and Richie Wayas for doing your best and not giving up.

I would like to thank Sam Mason for being there to help me whenever I asked her to.

I can not thank our sponsor, Miss Vote enough for all the work and load of worries she has had to carry. We never would have gotten started if it hadn't been for her expert advice and guidance.

With Sincere thanks,

Your Editor,

Ronda Schlieker

John

Hey, Hope you had  
a great year & your  
a real sweetheart!  
I'm glad we're still  
friends and I hope  
we can stay friends  
for a long time.  
Good Luck next year  
and with everything  
you do! See ya.

Love,  
JWA

Porto, Betty.

ditching a label in auto.  
Had many fun times with you  
never forget Finland I now.  
Stay cranking on the guitar.  
and have a ball.  
Kick ass next year  
you. Som-na-butch  
motor-finger-ice-hole.  
Mitt.
